

Maximum Plans Page Size

December 2013

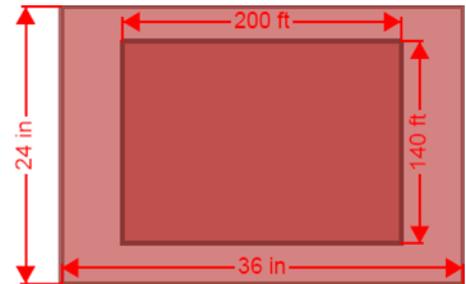

change notice

Beginning January 1, 2014, the maximum plan set page size for paper and electronic submittals will be 24" x 36". You may request a waiver to allow a larger page size if the plan view dimensions of your project exceed 140' x 200' (this includes new buildings, additions, and tenant improvements).

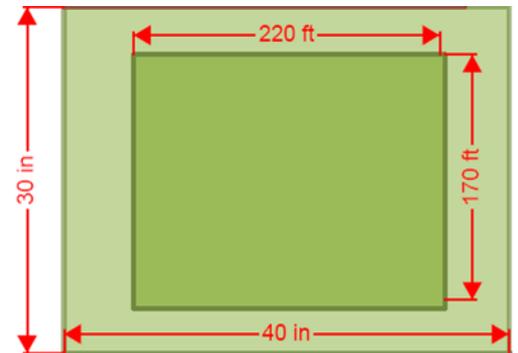

The dimensions in the schedule below may be used as a guideline to determine which paper size is appropriate for your project. If you need a page size larger than 24" x 36" and would like to request a waiver of this requirement, ask to meet with the plans examiner at the Building Desk in the Development Services Center prior to submitting your application.

EXAMPLE: 1/8"=1'

Maximum Building Dimensions for 24" x 36" Paper		
Scale	Width (feet)	Length (feet)
1/4" = 1'	70	100
1/8" = 1'	140	200
3/32" = 1'	210	300
1/16" = 1'	280	400

Maximum Building Dimensions for 30" x 40" Paper		
Scale	Width (feet)	Length (feet)
1/4" = 1'	85	110
1/8" = 1'	170	220
3/32" = 1'	255	330
1/16" = 1'	340	440

Maximum Building Dimensions for 36" x 48" Paper		
Scale	Width (feet)	Length (feet)
1/4" = 1'	105	130
1/8" = 1'	210	260
3/32" = 1'	315	390
1/16" = 1'	420	520
