

The City of Bellevue has been a member of [eCityGov Alliance](#) since its inception in 2001. The Alliance is a group of cities in the Puget Sound region that have committed to partner together to provide on-line services and information to our customers. The goal of the Alliance is to develop new models for how government works, and to reinvent service delivery from the customer perspective. Our objectives are simple:

- Provide convenient service and information for residents, businesses, and visitors.
- Provide consistent service that is simple to use and that strips out complexity.
- Save taxpayers' money by working together on joint solutions.

MyParksandRecreation.com is your gateway to the City of Bellevue parks and recreation services, as well those same services offered by other cities in the region. Beginning February 19, the City of Bellevue will offer a direct connection to [MyParksAndRecreation.com](#) for all of your recreation registration needs, and a powerful parks search site for parks information. This change will allow us to provide an online option, where our customers are able to choose from any of the Alliance cities' offerings to meet their recreational needs.

Extra Amenities: When you visit [MyParksAndRecreation.com](#), you have two exciting options: Places to Go (view and find park information) or Things To Do (view and register for courses). Both of these options provide an incredible search function for all of your needs.

How does it work?

- Browse to [MyParksAndRecreation.com](#)
- Choose and click on "Things to Do"
- On the "Activity" search, you can query by Keyword, age, City and/or day of the week.
- Or, scroll down and search Activity code or Category
- A number of options will come up from various cities

Click on the course number and it will take you to that city's online website. You can continue to search for other courses or pay at that time. **If you don't have an Online account with one of our partner alliance cities**, you can create an account online at the "My Account" page, or you can contact that City to have one created.

Follow the simple payment instructions and remember to print of copy of your receipt. You have now completed your transaction.

We hope you enjoy this new way of doing business. It's actually quite easy and provides extensive information at your fingertips. Please continue to give us feedback, as we are always looking for ways to improve our business services.
